cal fresh Nutrition Education

Hello Kids,

We are the University of California CalFresh Program (UC CalFresh). We teach kids about food and active play to help students stay healthy. The USDA helps us give free lessons at your school.

To find out how well our lessons work, we ask that you help fill out a survey.

It is your choice to do the survey or not do the survey. You can skip questions too. It is up to you. But, we hope that you will answer all of them. Your name will be kept secret.

If you have any questions about the survey, please ask us!
